

You know the Zero Long-Term Unemployment Territories project and wish to deepen your understanding of its implementation? Meet the project teams, the members of the local committees for employment, the management of the companies for employment purposes, the employees, the willing people deprived of employment, the national team ?

We invite you to meet the stakeholders who are doing everything possible to make employment a right in their territories since 2016 during a study visit tailored to your expectations and objectives.

## The format and content of the visit are adaptable based on :

- The members of your delegation
- The number of people
- The time you wish to dedicate
- The language spoken : French, English, Spanish

**Delegations from about ten European countries have already participated in these practice exchanges to build a more inclusive Europe together.**

**For more information,  
contact us!**
